

Winterville at Work!

Notification of Residential Garbage, Recycling, and Debris Collection Changes

The Town of Winterville has made several changes to the services provided for Solid Waste, Recycling, and Debris collection. Many of the changes are due to new contracts that will allow the town to better service the citizens and eliminate many of the issues that have occurred historically. This includes **all new routes** for garbage collection, as well as, **reducing recycling collection to every other week**, and ending the construction debris route. The Town sought to make improvements and find ways to make sure the Sanitation Department was financially solvent, with the least amount of impact on the majority of our citizens. Please read this information carefully as there are a numerous changes. Below you will find details about the changes. You will also find maps that show what new route you will be assigned to, and your new garbage and recycling pick up days.

Maps can be found at <https://www.wintervillenc.com/trash-recycling-collection>

There are rate changes that reflect the need to reduce the funding shortages the town was experiencing. The new monthly rate for sanitation collection increased by \$3.50. The new rate is \$15.00 and includes weekly garbage collection, biweekly recycling collection, limb removal, grass removal, leaf removal, bulky items, and street sweeping. The new rates were effective July 1st, 2024.

- Please review the new maps for your updated garbage and recycling collection days.
- New garbage routes began on Monday July 8th. New recycling routes began on July 15th.
- Garbage and Recycling containers will be picked up on the same day of the week. On weeks that have both garbage and recycling you will need to pull both containers out.
- Please review the changes to what can be recycled. Many of the items that are thrown in the recycling bins are not allowed and will be considered contamination by the recycling processor. It is important to only include the allowed items in your recycling rollout. Never place garbage in your recycling container. See the flyer on the Town website for more details.
- Also included on the Town website are updated route maps for limbs, grass, and bulky items.

September Solid Waste Schedule

- ◆ Week of September 2nd - Trash Only, 1 day later due to holiday.
- ◆ Week of September 9th - Trash and Recycling
- ◆ Week of September 16th - Trash Only
- ◆ Week of September 23rd - Trash and Recycling
- ◆ Week of September 30th - Trash Only

Notice of Utility Rate Changes: Effective July 1, 2024

In an effort to continue providing the highest level of service, the Town has had to make some difficult decisions for the 2024-2025 fiscal year. The changes are affecting the Sanitation Fee, Sewer Fee and restructuring to the Electric Rates that will reduce the kWh rates for all Winterville Electric Customers.

Sanitation

The Sanitation fee will increase from \$11.50 to \$15.00 per month for Garbage, Recycling, Bulky Items, Grass/Leaves and Street Sweeping.

There will also be a prepaid fee for collecting residential construction debris of \$175 per load. The Town will not pick up debris from a commercial contractor. They are responsible for removing the material for the project. Please call to schedule the pickup and prepay.

Sewer

Sewer rates will be increasing the minimum fee by \$7.00 per month. It will increase from \$34.33 to \$41.33 for the first 3,000 gallons. There is no change to the rate per 1,000 gallons after that.

Sewer Inside

First 3,000 Gallons @ \$41.33

Next 17,000 Gallons @ \$8.57 per 1000 Gallons

All Over 20,000 Gallons @ \$7.01 per 1000 Gallons

Electric

The PCA (Power Cost Adjustment) has been deactivated and will no longer be in effect. The PCA was used to combat wholesale energy market volatility associated with natural gas prices.

Electric rates will be adjusted to reduce the kilowatt-hour (kWh) rate for each customer class. This will help with reducing large spikes that occur during high usage periods such as Summer and Winter. The base facility fee will increase for each rate code. Most customers will not notice this increase unless you are consuming no energy. For most customers, this increase will also be offset by the lower kWh rate.

Yoga

Mark your calendars for beginner friendly yoga! In these sessions, classes will be beginner friendly and accessible to everyone. You will work on connecting breath with movement allowing you to create more awareness of the body and mind. Classes will work through sequences helping improve balance, range of motion, flexibility, and overall physical and mental well-being. Variations of postures will be available to allow the student to make the practice their own. This class is great for people with no prior experience and those who already have a yoga practice. Participants are required to bring their own personal yoga mat to each class.

6-week session

August 29th-October 3rd (Thursdays evenings) 5:45 pm-6:45 pm
 Instructor: Frannie Ayers
 Location: Winterville Operations Center Training Room, 2936 Church Street
 Cost: \$60 per session
 Registration: July 10-August 28th

Zumba

Perfect for everybody and everybody! Each Zumba class is designed to bring people together to sweat it out. How it works: We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you will see why Zumba Fitness classes are often called exercise in disguise. Benefits: A total workout, combining all elements of fitness - cardio, muscle conditioning, balance, and flexibility, boosted energy and a serious dose of awesome each time you leave class.

8-week session

September 3rd-October 22nd (Tuesday evenings) 6:00-7:00 pm
 Location: Winterville Operations Center Training Room, 2936 Church Street
 Cost: \$40.00 per participant. Must register for entire session, no drop-in.
 Registration: July 15th-September 1st or until full

Mosquito Spraying

The Town has begun the mosquito spraying and monitoring program. Spraying will take place, as needed, weather permitting beginning at dusk when the street lights come on. The Town will evaluate mosquito counts and weather condition to determine when and where to spray.

The Town asks that residents look to find and empty any containers or standing water on their property. This is where they lay their eggs and where the larva hatch.

PLACEMENT OF TRASH AND RECYCLE BINS ON PICK-UP DATES

- * Please place your trash can and recycle bin at the curb with the wheels facing your house and the lid opening into the street.
- * Keep your containers at least four feet apart and at least four feet from any obstacles such as mail boxes, cars, lamp posts or power lines.
- * Keep your container at the curb until the end of the day if it has not been collected. Sometimes the timing of our arrival changes and we do not want you to be missed if we come later than expected.
- * It is generally best to put your container out the night before your collection day. That way even if we are early, your pick-up will not be missed.

Safety Tips for Both Pedestrians & Drivers in the Town of Winterville: SAFETY HABITS

Tips for DRIVERS that may help alert them to increase caution.

- When you see pedestrians walking slow down.
- Crosswalks serve as symbol that walkers are near.
- Slow down when you notice Reflective Vests in the distance.
- Ensure your vehicle is operating properly.
- Slow down in neighborhoods as it is increasingly likely to have walkers.
- Always be mindful of your speed and stop and check for pedestrians in neighborhoods.

Tips for PEDESTRIANS that may help alert them to stay visible & safe while walking

- Walk in lighted areas.
- Never assume a driver sees you, walk with caution.
- If possible, make eye contact with drivers.
- Wear a reflective vest when walking after dusk or during the evening
- Try to avoid walking in the middle of a street/road. Walk on the side, closest to the curb.
